## A Phenotypic Workup on **A LUCKY GUY VD ROCKIES**

Breed BERNESE MOUNTAIN DOG  
Registration Number WF994990      GDC Dog Number 8990  
Born 05/20/1987      Sex Male

Prepared for JUDITH ALLEN 11/30/2001

### I. CONTENTS

Cover Page	
Pedigree of Dog, as shown in GDC registry	Table I
Siblings, Half Siblings, and Progeny of Dog	Table II
Siblings, Half Siblings, and Progeny of Father	Table III
Siblings, Half Siblings, and Progeny of Mother	Table IV
Data for drawing a Genetic Pedigree	Table V
If a table is missing, GDC has no information available	

### II. READING THE TABLES

If a test is recommended for your breed, but an evaluation is not registered with the GDC, the caret (^) will be entered for the site.

If the test is not often requested for your breed, the column will contain either the underscore (\_) or the evaluation which has been registered with GDC.

I understand that the information in this report is to be used solely by me for the improvement of the breed; that it is supplied without warranty of any kind as to its suitability for implementing a breeding program; and that GDC, its Executive Director or its Board Members shall in no event be liable for the loss of profit or consequential damages. Further, if the supplied data is found to be incorrect, my sole recourse is that the GDC will update the database and supply a corrected copy at no additional charge.

I understand that the evaluations which are recommended at this time may change as new or additional scientific information becomes available in the literature or at the request of certain Breed Clubs.

Further, if these conditions of use are not acceptable, I will return this report unused for a full refund.
